

Dr Jezierski & Partners at Sheen Lane *a one-day CSA preparation course*

B^eOK:CSA

Saturday 7 December 2013: 0815 Registration - 1700 Finish
Sheen Lane Health Centre, Mortlake , London SW14 8LP

As a group of experienced GP Trainers, CSA Examiners and Programme Directors, we firmly believe the key to success in the CSA exam is ***practice***. However it is important to practise the right thing. Our course aims to encourage group learning and provides a clear structural approach to the exam, the opportunity to try out your techniques in exam-like conditions, and detailed, specific feedback.

Please do not see this as a quick tips easy way to pass the CSA. This course is carefully designed to give you both a ***structured approach*** to practising your techniques in your clinical practice and your own study groups (which we strongly recommend) and a ***safe, supportive environment*** in which to practise the CSA exam itself.

Drs Marek Jezierski, Sophie Jukes, Christina Grayson, Darren Tymens
