

RARE FLEXIBLE GP OPPORTUNITY IN SOUTH EAST CORNWALL

Join our amazing team at Quay Lane Surgery.

We are looking for enthusiastic and friendly GP/GPs to join us when a partner retires in May 2022.

We are a GMS, EMIS Web, dispensing practice based in a partner own building in the historic village of St Germans with a coastal branch surgery. We are in a beautiful rural setting yet only 20 minutes from Plymouth with excellent rail and road networks.

Our clinical team is composed of 3 Partners, salaried GP, Practice Nurse, 2 HCAs, Physiotherapist and Clinical Pharmacist. We have a supportive working environment, our dispensing income allows us to have lower than average sessions per WTE.

We offer a range of enhanced services, have regular MDT meetings and are supported by an active PPG. We are part of the forward thinking and dynamic East Cornwall PCN.

Stable list size of around 4,500 patients dispensing to 97%, resulting in higher-than-average practice earnings.

Consistently high achieving QOF scores, rated GOOD by CQC, and ranked very highly in National GP Patient Survey.

We require 4-8 GP sessions per week with a view to partnership for the right candidate. Further sessions may be available. We would fully support applications to the New to Partnership Payment Scheme.

Applications including CV to Practice Manager - debbietodd@nhs.net

Telephone: 01503 230088
