

OTHER OPPORTUNITIES

- There are a number of scholar posts for ST3s. These include leadership, teaching, sustainability, substance misuse, social media, dementia, public health and health inequality scholarships.
- You can apply for these in ST2. Successful candidates are will extend their training (by 1-3 months depending on the scholarship) and spend the extra time developing additional expertise.
- In ST3 there is an opportunity to get involved in teaching medical students within your practice. Those interested can apply at the end of ST2 through the University of Bristol and will complete a short teaching course.
