

## VISITS TO TRAINING PRACTICE

- 8 half-days a year (could be full days)
- Timetabled in, x8 per year on a Wednesday but can be any day in that week or around that time
- These are for you to organise so you must liaise with your Educational Supervisor (ES) and Clinical Supervisor (CS) in hospital post in plenty of time
- Aims of these visits are
  - To help keep your focus on career aim
  - To become familiar with your training practice
  - To develop your relationship with your ES
- These visits could include a wide range of activities
  - Seeing patients
  - joint surgeries
  - sitting in with other members of primary healthcare team, e.g. nurse, physio, health visitors, etc
- Your six monthly ES review can be done in these sessions
- These visits count towards your attendance at the half day release course and you must email Lindsey ([Lindsey.Buckenham@nhs.net](mailto:Lindsey.Buckenham@nhs.net)) to say you have attended
- Share your experiences and generating ideas for your peers
- There is a helpful link on the website to a document which tells you about these visits
