	Absence from Training and Additional Training Requirements
Q17	I have been absent due to sickness, jury service or through maternity and paternity leave. Do I need to make the time up?
A17	<p>The RCGP will allow time off from the training programme for sickness absence, jury service, maternity leave or paternity leave, or carer's leave in accordance with the contractual arrangements with the current employer. However, the total, aggregated allowance for sickness absence, jury service and or maternity/paternity leave must not exceed one week in any post, up to a maximum of two weeks in a twelve month training period, and six weeks over the three-year training period.</p> <p>Any sickness and/or jury service and/or maternity/paternity leave and/or carer's leave taken in excess of this must be made up in full, but not necessarily in the speciality or post where the absence occurred.</p> <p>Trainees should confirm with the RCGP and their deanery that their plans to make up lost time will mean that their programme of training conforms, on completion, with regulatory requirements.</p> <p>It is RCGP and GMC guidance that training periods of less than three months in duration will not normally count towards a CCT. However, in cases where a GP in training has to make up time lost through sickness, jury service and/or maternity/paternity leave; the College may be able to request that GMC accept training periods of less than three months towards a CCT as</p>

	long as a full three year training programme is completed. The final decision regarding this lies with GMC.

Performers List	
Q19	I am due to commence a GP practice placement. Do I need to apply directly to the Performers List?
A19	<p>Update for GP Registrars</p> <p>The National Health Service (Performers Lists) (England) (Coronavirus) (Amendment) Regulations 2020 (Coronavirus Legislation) legislation exempts GP Registrars (GPRs) from the requirement to be included in the Medical Performers List when performing primary medical services whilst it remains in place. This exemption arises from the basis that all GPRs are employed by a Lead Employer that is a Designated Body and that their Responsible Officer is the HEE Dean. Should the Coronavirus Regulations be repealed before any amendment to the England Performers Lists Regulations has been enacted, GPRs will need to be included in the List and further instruction will be provided at that time.</p> <p>If you have any questions, please get in touch with your local Health Education England (HEE) point of contact.</p>
General Questions	
Q20	What other conditions of training and employment do I need to be aware of?
A20	<p>Trainees must remain GMC registered with a current licence to practise at all times while holding a current Severn GP NTN number. This is a HESW School policy, and a requirement in the Gold Guide. Voluntary erasure from the register would compromise right to a CCT. The ‘Gold Guide - A Reference Guide for Postgraduate Specialty Training in the UK’ can be found in the attachment below.</p> <p></p> <p>Gold Guide 2018 (Edition 8).pdf</p>
Q21	Who do I notify of any changes in my personal circumstances i.e. address, working hours etc?
A21	<p>You will need to complete a GPST Change Form attached below. This form is to be used to communicate ANY change which may include, but is not limited to:</p> <ul style="list-style-type: none"> • Sickness Absence • Change of address • Changing email address or phone • Changing supervisor • Changing placement • Changing from full time training to less than full time, or vice versa • Taking time out of programme • Going on maternity or paternity leave
